The point for consideration -

whether, as is referred to in para (30) of the notes, according to the statement of one Kushman he can be in the Municipal council or not

35 One of the objections raised against the elections of one Kushman as president of the Narayangud Town Municipality, is that he is a licensed plumber to the municipality in the name of messrs A V Kushman & Co and is not entitled to be a Municipal Councillor, much less its president (Fg H)

36 Mr Kushman in his statement before the S D O Narayangud (Fg F) has stated that the management of the water scheme is entrusted to the Sanitary Engineering Dept, that the Municipality has no control over them, that sanction for obtaining tap connections is obtained from the Sanitary Dept that beyond getting the initial deposit from the householders, the Municipality has nothing to do with the system of water supply

37 The relevant provisions of law on the point are, the Hyderabad Town Municipalities Act 1933 (Fg C) (S 12 & 61), Rules relating to elections of Town Municipalities (Fg E) and relating to the election of Presidents & Vice presidents (Fg B)

38) Kind ref is invited to S 12 B (b) of the Town Municipalities Act which says

that no person who save as hereinafter provided, has directly or indirectly by himself or his partner any ~~~~ share or interest in any work done by order of a municipal council may be a member of such municipal council"

3) Kmd reference is invited to the report of the S D O (F 8 D) ~~shows that~~ and the correspondence copy (F 8 R) which shows that the Water Supply Works of the municipality is transferred to the Sanitary Eng Dept that plumbers licences are given by the said dept and their work is not paid for from Municipal funds It appears, thus, that the form of M/s Krishnan is not a licenced firm to the municipality, neither employed by or paid for by the municipality and thus does not appear to fall within the disqualification mentioned in S 12 1 D (b) of Town Ply Act 1933

4) Further, it appears that the 'plumbing' licence held by the firm is treated as 'having lapsed from the date of election' (F 8 R) and ~~thus on~~ ~~if such~~

NB 17/8

The import of Sec 12 (B) (b) of the Act, is that no person who has any interest of any sort in any work done by order of a Municipal Council or by any committee or by order of any contract or employment with or under

41 Bye-laws 7-8-9-10-& 11 of the Nanyamford Town Municipal Council (Map A) show that the President of the Municipal Council has power vested in him to fix connections per the Public mains, to stop or regulate the supply in any public or sub mains, to control connections & private mains or to factories etc, to grant sanction for the alteration or extension of water supply, which work has to be done by licensed plumbers etc

42 Thus, by these Bye-laws, it is seen that the President has a lot of control over the water supply, ~~and~~ of the town and Bye-law specifies some of the works to be done only by licensed Plumbers, who have to be duly licensed by the President

43 These Bye-laws were framed to the guidelines given by the S D O of Nanyamford in May 89 wherein it is stated that the water supply works at Nanyamford was transferred to the Sanitary Engineering Dept under Notification No A 8435-7/ML 110-39-81 dated 2-4-90, & that Sri Ram then plumbers' licenses are given by the Sanitary Engineering Dept A copy of that order may please be put up - & may please be made known, & after the passing of the said order the

By laws of the Navigation Act cannot
have been changed or set aside, the rules
of any laid down by the Sanitary Engineer

may also be put up, as I want to

Council has been deprived of all
control over licensed Plumbers or not

Sir,

On 12-6-1944 the Presidential Election of the Nanjangud Town Municipal Council took place But the following illegalities were over looked by the Presiding Authority and one of the Candidates Mr A V Krishnan as declared elected

The election is liable to be set aside on account of the following facts -

1 Mr A V Krishnan is a licenced plumber to the Municipality in the name of Messrs A V Krishnan & Co , and he is not entitled to be a Municipal Councillor-much less its President

2 That in the Election- the rules regarding validity or invalidity of vote was disregarded and a vote which as clearly invalid was arbitrarily declared valid, [illegible] illegal

3 That when the meeting commenced there were only 19 Municipal Councillors who took part in the voting in the First Round and before the declaration of the First Round and when the Second Round voting was about to commence a councillor by name Nanjappa, Retiered Amin turned up and he was permitted by the Presiding Authority to vote That the procedure is thus clearly illegal and unwarranted

Respected Sir,

We, the undersigned Municipal Councillors of the Nanjangud Municipal Council beg leave to bring to your kind notice a few facts

Although the election of the President of the council was held on 12th June 1944, the approval of the Government has not yet been accorded to the result of this election We learn with some regret that an objection was filed questioning the election on some untenable grounds The Municipal Council by fourteen votes against six expressed its opinion The Council has thus given its preference in no unmistakable terms

There are a large number of schemes wherein the work has remained incomplete and requires urgent attention and completion As the Amildar, who is in charge as a president cannot be expected to spare time for undertaking the schemes, Serious inconvenience and loss is likely to happen We are therefore, anxious that the work of the Municipality should go on in the normal way

The objection put forward to this election has lost its significance if it had any, the opposing candidate, Mr G Shankara [illegible]

from the Council on 9th July 1944, which has been duly recorded and accepted by the unicipal Council at its monthly meeting in July 1944 We respectfully request you to kindly approve the election, as one other ground urged in the objection that the Unici-pality has any connection with the Water works entrusted to the Sanitary Engineering Bureau of which the successful candidate was for some time a licensed plumber has been sufficiently answered

We earnestly hope that you will be pleased to pass early orders in the matter

Sir,

I am directed to state that under bye-law 11 of the bye-laws ~~regulating water supply~~ framed by the Nanjangud Town Committee for regulating water supply, some of the works have to be done only by licensed plumbers who have to be duly licensed by the President of the Mysore and the powers of the president in this behalf have been conferred on bye-laws 7 to 11 thereof

In this connection, I am to enquire whether, after the passing of Govt Order No. H 8435-7/Hel 110-39-81 dated 2/4/40, transferring the control of the Nanjangud water works

WD 03697—GPB—30 000—2 2 40

to the Bureau of Sanitary Engineering, the plumbers' licenses are given by the Sanitary Engineering dept and if so, a copy of that order may be furnished & it may also be kindly stated "if the by-laws have been duly changed accordingly" A copy of the rules, if any, laid down by the Sanitary Engineering dept in respect of licensed plumbers may also be kindly sent.

Bureau to be corrected

do & to insert this word in future

The point to be clearly known is whether the Navyangad bill is definitely defined of all control over licensed plumbers

The favour of an immediate reply is requested, as the question relating to the election of the President to the bill it has to be decided quickly

Sir,

Sub - Issue of plumbers licenses for water supply in Nanjangud Town

---

With reference to your letter No 2257/I dated 9th September 1944 and D O letter No L 3454 dated 17-10-1944 on the above subject, I have the honour to state that with the issue of G O No L 8436-7/M1 110-39-31 dated 4 4 1944 transferring the control of Nanjangud water works to the Bureau of Sanitary Engineering, the power of granting plumbing licenses is automatically transferred to the Sanitary Engineer, as the grant of such licenses forms a part and parcel of the water works

The Sanitary Engineer reports that the Bureau of Sanitary Engineering is not aware of any charge of bye laws, as the local body has not so far either referred the matter to the Sanitary Engineer or consulted him after the transference of the water works to the Bureau

A copy of Sanitary Engineer's letter No 407 dated 17-10-1944 in the matter with a copy of rules regarding issue of licenses is enclosed for the information of Government

I have the honour to be,
sir,
Your most obedient servant,

Re - Bye-laws relating to the supply of water in Anjanapura Township Municipality

---

With reference to your No C 56-36-dated 15-9-1944, for ordering report copy of letter No 2257 dated 9-9-1944 from the Secretary to Government, Law Department, Bangalore on the above subject, I have the honour to state that in view of the Government Order No L 8435-7/41 110-39-81 dated 2-4-1940 transferring the control of Anjanapura water works to the Bureau of Sanitary Engineering, the powers of Municipal licenses being a part and parcel of the water works, were automatically transferred to the Sanitary Engineer and the granting of plumbing licenses by the Municipal President does not arise after the Government Order came in to effect and vests with the Sanitary Engineer. Even in cases where the water supplies are not in charge of the Sanitary Bureau, the Sanitary Engineer issues plumbing licenses as the technical officer competent to issue such licenses. The authorisation for the Sanitary Engineer, to issue plumbing licenses, is in this case, the Government Order transferring the control of the water supply to the Sanitary Bureau whereby all powers in respect of water supply control exercised by the Presidents are transferred to the Sanitary Engineer

The Sanitary Bureau is not aware of any change of bye-laws as the Municipality has so far neither referred in this matter nor consulted the Sanitary Engineer after the water works was handed over

In view of the Government Order it has to be presumed that the Municipal Council has no powers of granting plumbing licenses and as such, no control over plumbing licenses

A copy of rules regarding issue of licenses to plumbers by the Sanitary Engineer is also enclosed for favour of information
